Who Are We

Memory Nurture understands the unique needs you have when caring for a loved one living with Memory Loss. Our team of qualified Occupational Therapists, Physiotherapists, and Nurses have the expertise to help you and your family access the support, care and interventions needed to provide a therapeutic and caring environment for your loved one.

We have Therapy Assistants and Support Workers who work with our Therapists to implement support programs and interventions.

Our Services

We offer a range of services in the home, supported accommodation and aged care facilities for people with dementia/memory loss and support to their families. We can provide the following:

- Cognitive assessment to identify cognitive strengths and guide interventions
- Cognitive stimulation programs
- Carer/family support including Care of People with dementia in their Environments (COPE) program
- Assistance with shopping, medical appointments, and other activities
- Opportunity to participate in past/present activities and hobbies
- Physical health and well-being programs including Falls Prevention and Mindfulness
- Technology advice to assist with dementia care in the home
- Creative Arts Programs including Art Nurture, Music Nurture and Meet a Musician

NDIS

We are a NDIS approved organisation and can assist with your care needs to support independent living. NDIS supports we offer include:

- Functional Capacity Assessments, Housing Assessments and Community Access Assessments
- Social and community Support
- In home support
- Therapy and specialist support
- Assistive Equipment – this can include aids such as rails, shower chairs, technology including GPS devices and more
